Suggested Servings

2 serves per day. Recommended to be consumed along with variety of foods like cereals, pulses, fruits & vegetables for your 2-6 year old child.

Storage

On opening, transfer the contents of the pack along with the pouch into a clean airtight container. Replace the lid tightly after every use and store in a cool, dry place. Ensure enclosed scoop is thoroughly washed and dried before use. After opening, use the contents within 3 weeks or best before date, whichever is earlier.

Contraindication

Not for children with galactosemia or lactose intolerance. Use in immunocompromised infants (e.g. long-term steroid therapy, lymphoma, etc.) should be after consulting your doctor.
